Building a Team of High Achievers

Course Offering

Collaborative Skills and Effective Communication at Work

By attending the training on Collaborative Skills and Effective Communication at Work, the participants will learn the knowledge of collaborative and effective communication skills at workplace to overcome the fear of networking and presenting to internal and external clients. It also helps the participants to deliver information clearly, effectively and professionally to get the message or opinion broadcast meaningfully in the mind of audience.

Duration 2 days

Training Date 20 Sept – 21 Sept 2023

Our Trainer:

Experienced HRDF certified trainer who is formally trained and highly motivated. Her niche background in business and professional communications contributed to many successful trainings including collaboration and effective communications. She is passionate in helping the working adults to master the comprehensive skills of communications especially at the workplace.
